# 24<sup>TH</sup> ANNUAL *Van Norman* *and friends* **PRODUCTION SALE**

For the twenty-fourth year, the Van Norman and Friends Production Sale will be held at the Elko County Fairgrounds in Elko, Nevada, on September 18-19, 2020. The sale offers approximately 90 horses from several long-time established ranch horse breeding programs of the northern Great Basin with the addition of several invited guest consignors.

These breeding programs include sires by proven classic and contemporary horses, with a predominance of Colonel Freckles and Peptoboonsmal breeding. Other sires of these programs are sons and grandsons of High Brow Cat, Hollywood Dun It, Bert, Smart Chic Olena, Smart Little Lena, Boonlight Dancer, Playgun, and others, with equally strong maternal lines. In recent years several of our breeders have introduced an arena-based component with the addition of stallions with Frenchman Guy bloodlines.

Horses in the sale are ranch raised, and the majority of riding horses selling will have been used as working ranch horses, many with “town” experience as well. Sellers follow the vaquero tradition of training, with young saddle horses being ridden in the snaffle bit, and older horses being in the hackamore, two-rein, or bridle depending on their age. Weanlings and yearlings will be broke to lead and load. Our 2020 advertising and catalog covers reflects this approach. Anna Van Norman, daughter of Ty and Ronda Van Norman—4th generation Van Norman “cowboy”—is showing Van Norman stallion JP Colonel Blackcatt, a vintage bred Van Norman horse on his bottom side.

In addition to watching online videos of sale horses prior to the sale, buyers can preview aged riding horses in person beginning at 10 a.m. on Friday, September 18. The preview and auction will be live-streamed with internet and phone bidding available. For details contact Linda Bunch: 775-756-6508 or 775-934-7404 or email [mrsbunch@rtci.net](mailto:mrsbunch@rtci.net). For updates and current information visit [vannormansale.com](http://vannormansale.com) or the Van Norman and friends Production Sale Facebook page.

In this crazy world in which we are living, every effort will be made to ensure your safety with plenty of accommodation for social distancing, hand sanitizing, and masks should that be your choice. We will make every effort to have a live event—but in worse case scenario—an online sale will take place that weekend. If changes necessitate, updates and information will be posted on the website and Facebook.

# Terms AND Conditions

All prospective buyers must obtain a BUYER NUMBER from the sale office.

Acceptable methods of payment are cash, cashier's checks or travelers' checks, Visa or MasterCard, and personal check. Issuing a check with insufficient funds is a felony and will be handled as such.

**ALL CREDIT CARD PURCHASES WILL BE SUBJECT TO A 3% CONVENIENCE CHARGE**

**THE 7.1% NEVADA SALES TAX WILL BE ADDED TO THE SALE PRICE.**

**Any exemptions as per NRS must be cleared in advance.**

## TRANSFER OF REGISTRATION PAPERS

Papers will be sent directly to AQHA for transfer. The \$20.00 transfer fee will be included on your invoice. Having your AQHA membership number available at time of purchase will expedite the transfer process. If you do not have a current AQHA membership, you will be issued one by AQHA and billed directly from them before they will transfer your registration papers. This is the buyer's responsibility once papers are sent to AQHA by sale management.

## TELEPHONE BIDDING

Telephone bidders must register with the Van Norman Sale management at 775-756-6508 or 775-934-7404. If registering on sale day, call 775-934-7404 or 775-401-0368.

## IMPORTANT — PLEASE READ

- The auctioneer will protect the sellers. Auctioneer reserves the right to reject any and all bids.
- Horses are the buyer's property as soon as they are sold. Horses may not leave the grounds until final settlement has been made on all purchases. Absentee purchases will be held for five (5) days free of charge after which board of \$5 per day will be assessed until horses are picked up. Transportation is the responsibility of the buyer; however, sale management will assist as much as possible with arrangements. Absentee buyers will be contacted either during the sale or immediately after to make payment and transportation arrangements.
- All horses will have a Negative Coggins and their general overall health verified upon entering the sale. Health certificates for out-of-state travel if required may be purchased through the sale veterinarian. All broodmares will have been pregnancy checked and their status announced.
- The horses in this sale have NOT been vet checked for soundness issues, although all reasonable effort has been made to offer quality animals with no known defects. **Any problems as to health or soundness should be reported to the seller within 72 hours of receiving the horse.** Any arrangements or agreements in this regard are strictly between the buyer and the seller. You may return the horse for up to one week after receiving it for a full refund excluding credit card convenience charge (if applicable) should a **preexisting** condition be determined. Any arrangements as to vet bills or return transportation are to be made between the buyer and seller.
- **Buyers must, within 30 days, report any issues as to temperament and or representation to the seller.** The sale company will serve as an intermediary and will work with both buyer and seller to resolve an issue if it is determined that one truly exists. Catalog footnotes and video of sale including auctioneer and seller comments will be used in this determination.
- Every effort has been made to assure correctness of the catalog; however, the seller, sale management and auctioneer are not responsible for errors or omissions. All statements and corrections announced at the time of the sale shall supersede the catalog. All comments in the catalog are from the sellers, not sale management. **Buyers have ample opportunity to contact consignors ahead of time with questions and to view horses during the preview and in the barns. Therefore, "due diligence" in researching potential purchases is expected. The entire sale will be recorded for the express purpose of settling any dispute that should arise regarding statements made in the auction ring.**

The Van Norman Quarter Horses believes this to be one of the best ranch horse bloodlines. The Colonel Freckles bloodlines are not as available as they once were – but their outstanding qualities have stood the test of time – making them more valuable than ever. It truly is the backbone of the Van Norman Quarter Horse breeding program. JP Rolling Thunder carries a lot of bone and muscle and is very athletic for his size. He has a super disposition and is a true gentleman. His offspring repeatedly reflect his easy going and friendly disposition, combined with athletic ability and stamina. Thunder is doing a marvelous job of perpetuating the Colonel Zippo Pine legacy for Van Norman Quarter Horses. Year after year, return buyers come to the sale looking for Thunder colts.

We had the misfortune of losing "Pistol" to colic on December 4, 2019. As with all unforeseen losses, one sometimes doesn't realize how much you have truly lost until it is gone. He was a good horse and will be missed! We do feel fortunate to have a lot of his daughters in the broodmare band to perpetuate his good mind, mellow disposition, cow sense and "give it his all attitude" enjoyed a good partnership with Linda Bunch and have appreciated the opportunity to work with her and have a chance to use him in both of our breeding programs. Last year my son Cory Dean rode his Pistol daughter Sana Dolls Playgun to the IHSRA District 2 Reined Cowhorse Championship and was 5th out of 45 at the IHSRA State Finals and 3rd at the Silver State International High School Rodeo Finals. We have a full 2020 foal crop by him and are offering a few of his best this year. If you want hard stopping gritty cowhorses for any performance event, don't pass them by.

"Mac" is the most versatile horse we have ever owned. We use him for everything from picking up bucking horses, branding, gathering, roping, and the kids ride him too. He travels very well outside and gives 110% at whatever you ask him to do. He is very kind and passes his gentle and willing attitude on to his offspring. He has great feet and bone.

Raven is 16 hands, weighs 1150 lbs with black feet, good withers and long straight legs. He was raised by Porath Quarter Horses and purchased through the second Van Norman sale as a weaner colt. He spent most of his life in Sprague River, Oregon, on a ranch serving as a breeding / saddle horse. We acquired him in 2014. We are pleased with the size and disposition he puts on his colts and are excited to offer them to the public for your enjoyment as well.

TARI I DUN IT	Hollywood Dun It / Uno Miss Tari
OAKIES SMOKIN DUN IT	
SHEZA LEAN KITTY	Catalena Boy / Oakies Jacky Dude

"Big Chief" is a finished head and heel horse we found in Arizona two years ago. Proven blood lines top and bottom for cowhorse and reining!! Extremely good minded. Ty's twelve-year-old daughter started roping both ends off of him after a year lay off without even an ear flicker from him!! Hollywood Dun Its are known for their great dispositions, which is a number one requirement for the Van Norman program. His colts are good looking and well put together. This sire is a great addition, adding top notch qualities that make for great ranch horses that can double as performance horses.

Freckled Lil Pepto, a 2005 red roan stallion is our latest star. "Preacher" is a really well-proportioned stallion with an amazing temperament and oodles of cow. He is as comfortable in reined cow horse shows as he is weaning calves in the fall or branding calves in the spring. He was trained and shown to several victories by Flint Lee who has to fight with Sharon and Cowboy to get him back to prepare for show season. Both Sharon and Cowboy love to ride him. He is that neat of a horse. Needless to say, he is showing a lot of promise as a reined cow horse, a dependable ranch horse, and as a sire. Colts are eligible for the Nevada Stallion Stakes.

Frenchie brings some complimentary outcross bloodlines to our program. While his pedigree's bottom side offers classic cutting bloodlines, the top side brings in prominent and highly successful arena horse breeding. Frenchmans Guy and Flit Bar are both legendary barrel horse sires, but in the true spirit of quarter horse versatility, Flit Bar also sired winners in cutting, racing, and halter classes, and Frenchmans Guy offspring are competitors in all of rodeo's timed events. As a saddle horse, Frenchie is light and quick-footed, with a blend of kindness, sensibility and speed that seems to cross quite well with our cowhorse mares. His foals are very personable, easy-going, and tend to love people. Five panel N/N. Photo by Nicole Poyo.

Too much black type for me to list but suffice to say Fret is from a "top 1% family." Boonlight Dancer won the NRCHA Snaffle Bit Futurity, Crackin was an NCHA Open Reserve Champion and had life-time earnings of \$133,04 and produced offspring with earnings in excess of \$350,000. A half-sister Kwackin x Crackin produced Smart Crackin Chic another NRCHA Futurity Champion. A full-brother Nabisco Roan has been successfully shown by Jake Telford with multiple AQHA and NRCHA Championships to his credit. Fret was trained for two years by Bobby Ingersoll and shown in the NRCHA Snaffle Bit Futurity. Placed 3rd in NSS Open Snaffle with Cory Shelman. This is an excellent up and coming sire out of a top producing Van Norman bred mare and by Sophisticated Catt (a three-time AQHA world champion with lifetime earnings over \$192,000 in cutting.) JP Colonel Blackcatt is very cowy and super quick on his feet! He possesses many substantial Colonel Freckles personas including trainability, good bone, a nice big eye – to name a few. Plus, this guy is built to stop. He is very smooth and pretty. Ty started JP Colonel Blackcatt and quickly decided to further his training. In 2012 the young sire was in reined cow horse training with Clayton Edsal. He has been shown at local stock horse events with plans to finish his training into the bridle. Now back at the ranch, the upcoming feature horse is pulling double duty as a sire and a stock horse. This horse doesn't have the size to be an ideal head horse, but no doubt has everything to make a perfect heel horse, reined cow horse, and ranch horse.

"Happy Feet" came to us in a big package when we bought his dam. He has been raised on the ranch. We were happy with him as a colt and he showed a lot of talent, so we kept him for a sire. So far, we are quite pleased with that decision. Happy Feet has been ridden by Michael Vipham and Cowboy. He is another really useful horse in our ranch world. This horse has been exposed to all ranch work including working cattle, roping, and a circle horse. He has been great at all of those jobs and he comes by his ranch name honestly! Our main purpose for him, though, is to further enhance our breeding program. You get a sneak preview of what's to come with one of his two-year-olds in this sale. He isn't a real big horse, but he doesn't know that, and makes up for it with his great mind and equally great disposition.

Not an average pedigree– nor an average horse! Google this pedigree, and you will be reading for days. Several NFR barrel racing qualifiers have run horses with these identical bloodlines the last two years. Frenchman's Guy has a reputation for good minds and trainability; Dash Ta Fame has the reputation not only for speed, but rate and turning. So far "Puddin's" first colt crop seem to have a laid-back disposition like him, speed and rate plus quite a bit of stop crossed on Van Norman cowhorse mares!! It never hurts to add a little speed to a cowhorse, or a little whoa to a running horse.

We needed to get him into our breeding program, so we brought him home and started riding him on the ranch. He has been exposed to all phases of ranch work and he shows a lot of promise in a world new to him. He is very cowy, great on which to rope, and just a pleasure to ride! In a year or two, he is going to be a great all-around horse both on the ranch and in the arena! They are colorful, good minded. "Rio" is an own son of 2012 NRCHA Open Futurity Champion CD Diamond, who also sired the NRCHA Open Futurity's 2018 champion, SJR Diamond Mist. Rio's bottom side bloodlines are equally as strong, with the great Miss N Cash as his maternal grandsire and Bunny's Starlight (full sister to Paddys Irish Whiskey and Grays Starlight) as his maternal granddam. Rio is exceptionally good-minded, kind, and level-headed. Outside of breeding season, he has become quite reliable as a "good-using" saddle horse. NEVADA ORPHAN ANNIE Nevada Red Pepper / Mee Red Jackie

This is a nice red dun stud colt by the Hollywood Dun it stallion, new to the sire roster for the Van Normans. He moves out well and has a nice neck and head. This will be a nice-looking gelding with a full hip, and nice muscling. He has little chance to be anything but good minded and easy to get along with, looking at both sides of his parentage. Add in athletic build, and you have yourself an excellent all-around prospect, for just about anything you want to do. Call or text Ty at 775-397-2132.

COUGAR PRIZE

SR JASMINE Holidoc / Pretty Doc Parker

"Concho" doesn't have the exposure to all the ranch jobs yet, but has enough arena riding to transition easily. He was kept for a stallion prospect, due to his bloodlines and athletic ability, but he didn't have the size we were looking for. That doesn't mean he won't turn heads as a gelding! He is above average in ability and talent, with potential for performance horse, or a right smart ranch horse. Stands 14 hands. Contact Ty at 775-397-2132.

Doc is a been there done that type of ranch horse. He has done all aspects of ranch work. He's great in the branding pen, is cowy and super fun to sort cattle on, and is great to gather on outside in all kinds of country. He is a solid made horse, weighing 1150 and stands 15 hands high. Doc is an easy keeper, and will be fresh with long periods of time off, but has no buck. He is gentle to be around and has a quiet way about him. If you're looking for a trusty ranch gelding, Doc is your guy.

Another super offering by Nevada Fab N Fame. The sire has a laid back disposition, and seems to pass that on. His first colt crop is being started now, with pleasing results. This filly should have some speed and be able to get in the ground and turn. The dam is cowhorse bred, with athleticism for any direction. Ranch, rope, western performance – take your pick and pattern her to your liking. Video and updates on this horse can also be found on the Van Norman Quarter Horse Facebook page.

# VAN NORMAN QUARTER HORSES

*Committed to raising,*

## HERITAGE

The ranching heritage behind the Van Norman name runs more than three generations deep. It is a family tradition steeped in knowledge and passion for both stock and horsemanship. Blending in the assets of a cattle ranch with proven horse genetics and time-tested horsemanship lends for outstanding results.

Ty Van Norman currently owns and operates the Van Norman Quarter Horse program. He manages the breeding and training aspects with his family. Ty, like his dad and granddad, is partial to roans, but he maintains that the basis for a good horse is a solid mindset. With that in mind, Ty picks breeding stock with good dispositions and solid working conformation. He carefully considers hoof structure, bone, height, athletic ability, speed, and more before incorporating breeding stock into the program.

### JP COLONEL BLACKCATT

JP Colonel Blackcatt earned his badge early on with his award winning presence, good mind, and outstanding athletic abilities. He's fast and cowy with a lot of stop,

good feet and solid bone. His colts are gaining popularity for inheriting these traits.

### DUN IT SMOKING BUD

This stallion is a handsome dun who stamps his colts with nice muscular balance, athleticism, good bone and a disposition to rock a baby to sleep. He's a finished head and

heel horse who has potential in reining and working cow horse competitions. He has a lot of stop, is very trainable, and has been used at both high and low numbered ropings.

The stallion roster changes from time to time, but one aspect of the Van Norman Quarter Horse program remains constant: The commitment to raising, riding and selling outstanding horses!

**The ranching heritage that Ty and Ronda Van Norman are a part of is here to stay. They take pride in sharing good horses and horsemanship in the same manner that it was shared with them.**

# ES

## *riding, and selling outstanding horses!*

### BLOODLINES

Continually striving to breed better horses, Van Norman Quarter Horses incorporates new bloodlines from time to time into their program. The bulk of the broodmares have time-honored working cow horse bloodlines, with qualities that fit the credentials for good ranch and performance horses.

Colonel Freckles bloodlines have long been a favorite, sought for their dispositions and all around versatility. Sadly, senior sire JP Rolling Thunder, an exceptional ranch stallion with those bloodlines, had to be put down this spring. He will be missed, but many of his qualities live on in the mare herd, passing down genes of good looks, athletic ability, and a host of other desirable ranch horse qualities.

In today's gene pool of horses, there are many to pick from that make great ranch and performance horses, however, the chosen sires must meet a check-off list that include great dispositions, solid confirmation, and typically desirable traits for ranch work and preferably double as performance horses. More than just popular names on their papers, the Van Norman sires must meet a lot of checkboxes.

### NEVADA FAB N FAME

His bloodlines are best known in the barrel horse industry, but they also cross over into the rope and cow horse world. This guy is super laid back and gentle, but he is bred

to run. Crossed on cow horse mares, his first colt crop is proving to have a mix of run and rate, speed and stop - all with a good mind.

### ROYAL MOONSHINE

This stallion is the newest edition to the program. He is an own son of Metallic Cat currently in training with Nick Dowers. He is top of the line athletic, cowy,

and has jaw dropping good looks. Cow horse through and through, he is showing the size that makes for a good ranch horse, plus he is laid back with a gentle demeanor. He will be one to watch.

"Molly Sue" is the perfect kids horse! Michael Vipham put the first 30 days or so on her, giving her a solid foundation. Ty's daughter, Maggie, now 12, has been riding her ever since. Gentle from day one, the horse has proven over and over to be dependable and safe. Maggie has done ranch jobs on her, branded a few calves, and played around a lot on her. Probably needs more finishing for a young child to maneuver easily, but suitable for any kid who can pull on a rein and kick! Stands 14.1. Contact Ty at 775-397-2132.

Pretty is as pretty does. Turns out, she *is* pretty! Nicely put together, very curious and seems to have a lot of personality! There is enough proven on the Hollywood Dun It side of his pedigree to have confidence that this colt will inherit some very good minded traits. Hollywood Dun It horses are very popular ranch horse sires, and we have the fortune of adding in some added athleticism of Nic It In The Bud on his papers, a high money earning cow horse. Not to mention, on the bottom side this filly is mile – long Van Norman cow horse. Call Ty at 775-397-2132.

“Stretch” is a gentle giant! He likes people, has a super laid-back attitude but isn't the kind you have to peddle outside. He hasn't seen a lot of ranch work yet, but has seen a little of all of it. He is ready to go for you. Easy to catch, shoe, and be around. Hasn't offered to buck, even on good feed and a long lay off. This guy is just the right age, and started right—no vices. Handsome and strong. He would fit in just about anywhere. Stands 15. Contact Ty at 775-397-2132.
