Welcome

25TH ANNIVERSARY

Van Norman *and friends* PRODUCTION SALE

For the twenty-fifth year, the Van Norman & Friends Production Sale will be held at the Elko County Fairgrounds in Elko, Nevada, on September 17-18, 2021. The sale offers something for everyone, with approximately 100 horses ranging in age and ability from weanlings to bridle horses. Most of the horses come from several long-time established ranch horse breeding programs of the northern Great Basin, with the addition of several invited guest consignors whose horses meet the standard of quality buyers have come to expect from our sale.

The breeding programs represented include sires by proven classic and contemporary horses, with a predominance of Colonel Freckles and Peptoboonsmal breeding. Other sires of these programs are sons and grandsons of High Brow Cat, Hollywood Dun It, Bert, Smart Chic Olena, Smart Little Lena, Boonlight Dancer, Playgun, and others, with equally strong maternal lines. In recent years several of our breeders have introduced an arena-based component with the addition of stallions with Frenchman Guy bloodlines.

Horses in the sale are ranch raised, and the majority of riding horses selling will have been used as working ranch horses, many with "town" experience as well. Sellers follow the vaquero tradition of training, with young saddle horses being ridden in the snaffle bit, and older horses being in the hackamore, two-rein, or bridle depending on their age. Weanlings and yearlings will be broke to lead and load.

In addition to watching online videos of sale horses prior to the sale, buyers can preview aged riding horses in person beginning at 10 a.m. on Friday, September 17. This preview will also be live-streamed. The auction will also be live-streamed, with internet and phone bidding available. For details contact Linda Bunch: 775-756-6508 or 775-934-7404 or email mrsbunch@rtci.net. For updates and current information visit vannormansale.com or the Van Norman and friends Production Sale Facebook page.

TERMS & CONDITIONS

All prospective buyers must obtain a **BUYER NUMBER** from the sale office. Acceptable methods of payment are cash, cashier's checks or travelers' checks, Visa or MasterCard, and personal check. Issuing a check with insufficient funds is a felony and will be handled as such.

ALL CREDIT CARD PURCHASES WILL BE SUBJECT TO A 3% CONVENIENCE CHARGE

THE 7.1% NEVADA SALES TAX WILL BE ADDED TO THE SALE PRICE.

Any exemptions as per NRS must be cleared in advance.

Transfer of Registration Papers

Papers will be sent directly to AQHA for transfer. The \$25.00 transfer fee will be included on your invoice. Having your AQHA membership number available at time of purchase will expedite the transfer process. If you do not have a current AQHA membership, you will be issued one by AQHA and billed directly from them before they will transfer your registration papers. This is the buyer's responsibility once papers are sent to AQHA by sale management.

Telephone Bidding

Telephone bidders must register with the Van Norman Sale management at 775-756-6508 or 775-934-7404.

If registering on sale day, call 775-934-7404 or 775-401-0368.

Important - PLEASE READ

- The auctioneer will protect the sellers. Auctioneer reserves the right to reject any and all bids.
- Horses are the buyer's property as soon as they are sold. Horses may not leave the grounds until final settlement has been made on all purchases. Absentee purchases will be held for five (5) days free of charge after which board of \$10 per day will be assessed until horses are picked up. Transportation is the responsibility of the buyer; however, sale management will assist as much as possible with arrangements. Absentee buyers will be contacted either during the sale or immediately after to make payment and transportation arrangements.
- All horses will have a Negative Coggins and their general overall health verified upon entering the sale. Health certificates for out-of-state travel if required may be purchased through the sale veterinarian. All broodmares will have been pregnancy checked and their status announced.
- The horses in this sale have NOT been vet checked for soundness issues, although all reasonable effort has been made to offer quality animals with no known defects. A vet will be on the premises throughout the sale to address any concerns and will examine and take x-rays at potential buyer's expense if requested. **Any problems as to health or soundness should be reported to the seller by Saturday, September 25. Any arrangements or agreements in this regard are strictly between the buyer and the seller. You may return the horse for up to one week after receiving it for a full refund excluding credit card convenience charge (if applicable) should a preexisting condition be determined.** Any arrangements as to vet bills or return transportation are to be made between the buyer and seller.
- **Buyers must, within 14 days, report any issues as to temperament and or representation to the seller.** The sale company will serve as an intermediary and will work with both buyer and seller to resolve an issue if it is determined that one truly exists. Catalog footnotes and video of sale including auctioneer and seller comments will be used in this determination.
- Every effort has been made to assure correctness of the catalog; however, the seller, sale management and auctioneer are not responsible for errors or omissions. All statements and corrections announced at the time of the sale shall supersede the catalog. All comments in the catalog are from the sellers, not sale management. **Prospective buyers have ample opportunity to contact consignors ahead of time with questions and to view horses during the preview and in the barns. Therefore, "due diligence" in researching potential purchases is expected.** The entire sale will be recorded for the express purpose of settling any dispute that should arise regarding statements made in the auction ring.

"Big Chief" is a finished head and heel horse we found in Arizona two years ago. Proven blood lines top and bottom for cowhorse and reining!! Extremely good minded. Ty's twelve-year-old daughter started roping both ends off of him after a year lay off without even an ear flicker from him!! Hollywood Dun Its are known for their great dispositions, which is a number one requirement for the Van Norman program. His colts are good looking and well put together. This sire is a great addition, adding top notch qualities that make for great ranch horses that can double as performance horses.

Freckled Lil Pepto, a 2005 red roan stallion is our latest star. "Preacher" is a really well-proportioned stallion with an amazing temperament and oodles of cow. He is as comfortable in reined cow horse shows as he is weaning calves in the fall or branding calves in the spring. He was trained and shown to several victories by Flint Lee who has to fight with Sharon and Cowboy to get him back to prepare for show season. Both Sharon and Cowboy love to ride him. He is that neat of a horse. Needless to say, he is showing a lot of promise as a reined cow horse, a dependable ranch horse, and as a sire. Colts are eligible for the Nevada Stallion Stakes.

Frenchie brings some complimentary outcross bloodlines to our program. While his pedigree's bottom side offers classic cutting bloodlines, the top side brings in prominent and highly successful arena horse breeding. Frenchmans Guy and Flit Bar are both legendary barrel horse sires, but in the true spirit of quarter horse versatility, Flit Bar also sired winners in cutting, racing, and halter classes, and Frenchmans Guy offspring are competitors in all of rodeo's timed events. As a saddle horse, Frenchie is light and quick-footed, with a blend of kindness, sensibility and speed that seems to cross quite well with our cowhorse mares. His foals are proving to be quite personable, easy-going, versatile and athletic. Five panel N/N. Photo by Nicole Poyo.

Too much black type for me to list but suffice to say Fret is from a "top 1% family." Boonlight Dancer won the NRCHA Snaffle Bit Futurity, Crackin was an NCHA Open Reserve Champion and had life-time earnings of \$133,04 and produced offspring with earnings in excess of \$350,000. A half-sister Kwackin x Crackin produced Smart Crackin Chic another NRCHA Futurity Champion. A full-brother Nabisco Roan has been successfully shown by Jake Telford with multiple AQHA and NRCHA Championships to his credit. Fret was trained for two years by Bobby Ingersoll and shown in the NRCHA Snaffle Bit Futurity. Placed 3rd in NSS Open Snaffle with Cory Shelman. His offspring are receiving high acclaim from their owners for their good minds and ability. 5 PANEL N/N. Photo by Nicole Poyo.

This is an excellent up and coming sire out of a top producing Van Norman bred mare and by Sophisticated Catt (a three-time AQHA world champion with lifetime earnings over \$192,000 in cutting.) JP Colonel Blackcatt is very cowy and super quick on his feet! He possesses many substantial Colonel Freckles personas including trainability, good bone, a nice big eye - to name a few. Plus, this guy is built to stop. He is very smooth and pretty. Ty started JP Colonel Blackcatt and quickly decided to further his training. In 2012 the young sire was in reined cow horse training with Clayton Edsal. He has been shown at local stock horse events with plans to finish his training into the bridle. Now back at the ranch, the upcoming feature horse is pulling double duty as a sire and a stock horse. This horse doesn't have the size to be an ideal head horse, but no doubt has everything to make a perfect heel horse, reined cow horse, and ranch horse.

"Happy Feet" came to us in a big package when we bought his dam. He has been raised on the ranch. We were happy with him as a colt and he showed a lot of talent, so we kept him for a sire. So far, we are quite pleased with that decision. Happy Feet has been ridden by Michael Vipham and Cowboy. He is another really useful horse in our ranch world. This horse has been exposed to all ranch work including working cattle, roping, and a circle horse. He has been great at all of those jobs and he comes by his ranch name honestly! Our main purpose for him, though, is to further enhance our breeding program. You get a sneak preview of what's to come with one of his two-year-olds in this sale. He isn't a real big horse, but he doesn't know that, and makes up for it with his great mind and equally great disposition.

Now in his sixth year with Van Norman Quarter Horses, "Sonny" has had a chance to show his ability to produce good minded, trainable offspring on a wide variety of mares. Having had a successful career himself, in NRCHA world competition, local team roping and calf roping – his offspring show that same athleticism and versatility. Because of this, he has been nominated for several incentives. His offspring are eligible to compete in the NILE Gold Buckle Futurities (Billings, Montana), VGBRA Barrel Futurity (Walla Walla, Washington), and all Royal Crown team roping futurities, breakaway futurities, and barrel futurities (Rock Springs, Wyoming & Bryan, Texas). Not an average pedigree—nor an average horse! Google this pedigree, and you will be reading for days. Several NFR barrel racing qualifiers have run horses with these identical bloodlines the last two years. Frenchman's Guy has a reputation for good minds and trainability; Dash Ta Fame has the reputation not only for speed, but rate and turning. So far "Puddin's" first colt crop seem to have a laid-back disposition like him, speed and rate plus quite a bit of stop crossed on Van Norman cowhorse mares!! It never hurts to add a little speed to a cowhorse, or a little whoa to a running horse.

"Kokomo" is the most recent addition to our stallion line up. He's the product of proven producers top and bottom, sired by Smart Boons and out of a money earning daughter of Shining Spark. The old adage about the blood running to the brain certainly seems to hold true with him. He's shown a great deal of natural talent and athletic ability, along with quiet intelligence and a wonderful disposition. These characteristics, combined with his size and shape, might just make him a candidate for an ideal ranch horse sire. His first foals arrived in 2021 and we're certain they will not disappoint. "Shiney" came to us as a yearling from Carol Rose. He is a grandson of Shining Spark. Shiney was trained for a couple years with Flint Lee. We needed to get him into our breeding program, so we brought him home and started riding him on the ranch. He has been exposed to all phases of ranch work and he shows a lot of promise in a world new to him. He is very cowy, great on which to rope, and just a pleasure to ride! In a year or two, he is going to be a great all-around horse both on the ranch and in the arena! They are colorful, good minded. You get a sneak peak of his offspring at this sale and will be seeing many more of his colts in the future.

"Rio" is an own son of 2012 NRCHA Open Futurity Champion CD Diamond, who also sired the NRCHA Open Futurity's 2018 champion, SJR Diamond Mist. Rio's bottom side bloodlines are equally as strong, with the great Miss N Cash as his maternal grandsire and Bunny's Starlight (full sister to Paddys Irish Whiskey, Gallo Del Cielo, and Grays Starlight) as his maternal granddam. Rio is exceptionally good-minded, kind, and level-headed. Outside of breeding season, he's been reliable as a "good-using" saddle horse. He travels out very well with a lot of staying power for big circle days, and handles pressure well. Five panel N/N. Photo by Nicole Poyo.

He is an NRCHA money earner with limited showing due to recovering from an injury his 4yr old year. His pedigree offers expertise in several disciplines, such as reined cowhorse, reining, and roping. That CD Rocks has earnings of \$136,764. CD Lights is the second leading sire by CD Olena with lifetime earnings of \$234,000. Rocco's dam is also a money earner in the non pro and still showing. We have used him in the branding pen and doing miscellaneous ranch work. He is good minded and loves to go to work. Everyone in the family rides him. We look forward to his future in the arena and as a producer. Breedings available. (775) 304-8515.

"Remmy" has had five foals for us and all of them are clean looking colts. One half of her bag doesn't produce much milk due to a previous infection. She can raise a foal, but would probably benefit from some TLC during those months. An injury stopped her from progressing in reined cow horse training, but she is sound to breed. She's a nervous acting thing, but her colts seem to be solid minded. Has been exposed to Nevada Fab N Fame for a 2022 foal.

This mare has a huge hip and a nice back, a pretty face and a kind eye. She's easy to be around and really quiet, and her foals are the same. The ranch has kept too many fillies the last couple years, so some of the older proven mares are being offered to make room. She may not be a speed demon, but crossed on barrel bloodlines, it could be the best of speed, rate, and stop and cow. There are a lot of success stories of cow horses crossed with Frenchmans Guy. Just A

It's all too common to hear the phrase "just a ranch horse." In the worldwide equine sphere, "just a ranch horse" might not seem like much to consider. After all, he's not running for the roses or performing a piaffe in Tokyo for a chance at a gold medal. However, far from being an inferior individual of questionable worth, the ranch horse is much more — a superhero in working man's attire that worked to build the West, and continues to help feed our nation to this day.

RANCH HORSE: THE HIGHEST COMPLIMENT A HORSE CAN GET

— Steve Brinkman

So, what exactly is a ranch horse? The qualities of a true ranch horse start developing when they are foaled and raised outside, in a herd, as horses have been for centuries. It's the kind of outside that's not just a pen out back of the barn. It's the kind of outside that is big country—steep hills, thick brush, rocks, badger holes, running water, thunder storms, wildlife, miles of barbed wire—the kind that brings forth the most elemental, important instincts and abilities in a young horse.

As foals, they learn to take care of themselves while being part of a group and following the leader—qualities that can't be duplicated in small pastures with small numbers. As adults these horses naturally will take care of themselves as well as their rider.

Just as ranch foals' minds develop with a wide variety of stimuli, so do their bodies. From the time they're born, they have myriad opportunities to use all gaits in varying types of terrain and conditions. All of the natural, daily exercise increases blood flow and strengthens muscles and bones, producing an inherent fitness that makes ranch horses more likely to stay sound throughout their lifetimes.

When it comes to training, ranch horses are usually in a better frame of mind and

RANCH HORSE

generally more likely to learn their jobs without resentment. They have grown up around livestock and understand cattle from the start, which leads to greater confidence and enjoyment in their job. When you watch a crew heading out in the early morning, you can see it's fun for the horses too—their ears work happily back and forth as they take in their surroundings and trot into the day. They learn to associate satisfaction with a day's work—which can have a much different outcome for horses that exist only within the enclosed barriers of a barn and arena.

The bloodlines of the modern ranch quarter horse have been developed over nearly a century, on the legendary ranches of the American West. In May 2021, the Western Horseman ran an article about the top ten ranch horse bloodlines. The list includes Playgun, Peppy San Badger, Peptoboonsmal, High Brow Cat, Colonel Freckles, Driftwood, Doc Bar, Paddys Irish Whiskey, Shining Spark, and Tanqueray Gin.

Read the article here: <https://westernhorseman.com/ranching/top-10-ranch-horse-bloodlines/>

As you thumb through this sale catalog, you will see most of these ranch horse bloodlines represented. The presence of these genetics in our breeding programs demonstrates a dedication to excellence not only in propagating natural, proven ability, but in the matters of conformation and disposition that lend themselves equally to the overall development of an equine partner—one that you will be proud to ride out on in the morning and load that evening to head to a ranch rodeo or put the kids on after you unload, and if comments or questions arise, you can answer with pride, “he’s just a ranch horse!”

SIMPLY PUT. A GOOD RELIABLE RANCH HORSE HAS A WILLING, HIGHLY TRAINABLE MIND. MATCHED WITH THE ATHLETIC ABILITY TO PERFORM A WIDE RANGE OF TASKS REQUIRED ON A RANCH. ONE WHO IS TOUGH, LOADED WITH COW, AND IS AN EASY TRAVELER. MAKES FOR A HAPPY DAY IN THE SADDLE.

Pros: Easy to shoe and ride. He has had calves branded, yearlings doctored and has traveled quite a few miles. He was purchased as a spare ranch horse a few years ago, and has fit the bill. He is gentle, and has never bucked or been humpy. Cons: He is hard to catch when mixed with other horses. He uses them to hide behind and isn't afraid to crash into them and whip on other horses. He can be troubled about his ears or something coming at him quickly, probably residue from his past that might be hard to resolve completely, but is getting better. "Commet" has a pretty laid-back personality! Has a couple years' worth of ranch experience now with some branding, open field doctoring, lots of gathering cattle and sorting. Not super cowy as far as cutting one but doesn't do too badly! Not a finished bridle horse, but neck reins decently, and is being transitioned to the traditional bridle. Good looking and stout enough for your jobs.

ABSENTEE BUYERS

How To Participate as an Absentee Buyer

For those of you who can't be with us in person on sale day, the auction will be live webcast by LiveAuctions.tv. The site can be reached by clicking on the link at www.vannormansale.com. We will be livestreaming on the Van Norman and friends Production Sale Facebook Page Friday afternoon beginning at 12 p.m. and Saturday morning beginning at 8 a.m. You can access from website and possibly Facebook. The previews will be archived and available for viewing throughout the weekend.

Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.vannormansale.com. Also scratches will be posted there.

TO BID BY PHONE

We will have several in-house bid lines. You will need to preregister for absentee bidding. To preregister and get your buyer number, call Linda Bunch at 775-756-6508 (home) or 775-934-7404 (cell) or e-mail at mrsbunch@rtci.net. After noon on Friday, DO NOT use the 756-6508 number to register to bid by phone. **SALE WEEKEND NUMBERS: 775-934-7404 (Linda) or 775-401-0368 (Kim).** Upon registration you will be given the bidline phone numbers.

BUYERS WHO WOULD LIKE TO BID VIA THE INTERNET MUST REGISTER WITH LIVEAUCTIONS.TV PRIOR TO THE SALE

Real-time bidding is available via the internet for this sale. Live audio and live video will allow buyers to bid on animals just as if they were present at the sale. Buyers must create an account prior to the sale. Please visit <http://www.LiveAuctions.tv> to create an account and request a buyer number. Instructions are available at <http://www.LiveAuctions.tv> to walk you through the account setup process.

VIEWING THE AUCTION

The sale will be broadcast live on the internet by LiveAuctions.tv. www.vannormansale.com. Just go to the home page and select the auction. Remember you can call in to bid over the phone when watching on the internet if you have preregistered for that service or bid online if you have preregistered for that option.

NOTE: You must have JavaScript enabled on your browser for our system to work correctly! Most browsers are JavaScript capable and have it enabled by default.

If you are totally confused, please call or e-mail Linda!

Again, 775-756-6508 (home) or 775-934-7404 (cell) or e-mail at mrsbunch@rtci.net

ABSENTEE BUYERS

LiveAuctions.TV
2.0

How it Works

Go to **www.LiveAuctions.tv**. Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number". The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it. Type the code from the text message into the area requiring it and you will then see your name along with a buyer number listed at the top of the webpage where the live video is and you will be able to bid. You will only have to complete this two-step verification process one time. After that you will be able to immediately request a buyer number on any auction without verification through an e-mail or text message again.

LiveAuctions no longer requires an app. If you wish to view/register/bid on a smartphone just type LiveAuctions.tv in whatever web browser you use. The registration process is the same as it is on a desktop computer, but the website is built mobile friendly. Click on the three lines in the top right corner to access the menus.

Bidders who are successful in making purchases will be contacted by the ranch after the auction to settle payment and discover your shipping plans.

If you need help registering to bid or to view the auction please call Technical Support at (682) 816-4900 or e-mail us at TechSupport@LiveAuctions.tv.
