# WELCOME

**F**or the twenty-seventh year, the Van Norman & Friends Production Sale will be held at the Elko County Fairgrounds in Elko, Nevada, on September 15-16, 2023. Over the years, the sale has become a favorite event for buyers and consignors, as well as for our extended ranching and horsemanship communities. There isn't anything much better than coming together on a beautiful Nevada autumn day to enjoy good horses and fellowship!

Our sale offers something for everyone, with approximately 85 horses ranging in age and ability from weanlings to bridle horses. Most of the horses come from several long-time established ranch horse breeding programs of the northern Great Basin, with the addition of several invited guest consignors whose horses meet the standard of excellence that buyers have come to expect from our sale.

The breeding programs represented include sires by proven classic and contemporary horses, with a predominance of Colonel Freckles and Peptoboonsmal breeding. Other sires of these programs are sons and grandsons of High Brow Cat, Hollywood Dun It, Bert, Smart Chic Olena, Smart Little Lena, Boonlight Dancer, Shining Spark, Playgun, and others, with equally strong maternal lines. In addition to prominent cowhorse and cutting bloodlines, Frenchmans Guy and Dash For Cash breeding have been incorporated into several of our consignors' programs.

While pedigrees certainly matter a great deal, the manner in which our sale offering is raised is of equal or perhaps greater importance. Nothing beats the soundness of mind and body in a true ranch-raised horse. Such a balance of nature and nurture can't be found just anywhere.

Horses in the sale are ranch raised, and the majority of riding horses selling will have been used as working ranch horses, many with "town" experience as well. Sellers follow the vaquero tradition of training, with young saddle horses being ridden in the snaffle bit, and older horses being in the hackamore, two-rein, or bridle depending on their age. Weanlings and yearlings will be broke to lead and load.

In addition to watching online videos of sale horses prior to the sale, buyers can preview aged riding horses in person beginning at 10 a.m. on Friday, September 15. This preview will also be live-streamed. The auction will also be live-streamed, with internet and phone bidding available. For details contact Linda Bunch: 775-934-7404 or email [mrsbunch@rtci.net](mailto:mrsbunch@rtci.net). For updates and current information visit [vannormansale.com](http://vannormansale.com) or the Van Norman and friends Production Sale Facebook page.

PORSHA	Hobby Horse / Poco Rhythm
BEST BAR HANCOCK	Charizo Bar Hancock / Sunny Bestwood
<b>SCARLETS DRIFTWOOD</b>	
SCARLETS FAME FRITZ	Smoken Fame Fritz / Scarlets Tivio

We are really pleased with the progeny he is siring and look forward to showing some of his babies in cow horse events. "Drifter" has been getting his turn as a using horse at the Shelman Ranch and he's a handy cow horse that is always a pleasure to be around. We look for him to continue to pass on his good looks, brains, athleticism and cow sense. We enjoy working with his colts and think you will also. An investment in his colts will be good property for years to come.

GENUINE REDBUD	Genuine Doc / Seven S Margarita
TARI I DUN IT	Hollywood Dun It / Uno Miss Tari
<b>OAKIES SMOKIN DUN IT</b>	
SHEZA LEAN KITTY	Catalena Boy / Oakies Jacky Dude

"Big Chief" is a finished head and heel horse we found in Arizona two years ago. Proven blood lines top and bottom for cowhorse and reining!! Extremely good minded. Ty's twelve-year-old daughter started roping both ends off of him after a year lay off without even an ear flicker from him!! Hollywood Dun Its are known for their great dispositions, which is a number one requirement for the Van Norman program. His colts are good looking and well put together. This sire is a great addition, adding top notch qualities that make for great ranch horses that can double as performance horses.

DOCS HICKORY	Doc Bar / Miss Chickasha
<b>KINGS HICKORY OAK</b>	
KINGS MISS OAK	Gay Bar King / Miss Roan Oak

Freckled Lil Pepto, a 2005 red roan stallion is our latest star. "Preacher" is a really well-proportioned stallion with an amazing temperament and oodles of cow. He is as comfortable in reined cow horse shows as he is weaning calves in the fall or branding calves in the spring. He was trained and shown to several victories by Flint Lee who has to fight with Sharon and Cowboy to get him back to prepare for show season. Both Sharon and Cowboy love to ride him. He is that neat of a horse. Needless to say, he is showing a lot of promise as a reined cow horse, a dependable ranch horse, and as a sire. Colts are eligible for the Nevada Stallion Stakes.

<b>FRENCH FLIT</b>	
IZA FLIT BAR	Flit Bar / Miss Showdown Lou
COYOTE COLONEL	Colonel Freckles / Katy Lynx
<b>MISS COLONEL REDWOOD</b>	
DOCS REDWOOD REBA	Jae Bar Flinn / Redwood Patti

Frenchie brings some complimentary outcross bloodlines to our program. While his pedigree's bottom side offers classic cutting bloodlines, the top side brings in prominent and highly successful arena horse breeding. Frenchmans Guy and Flit Bar are both legendary barrel horse sires, but in the true spirit of quarter horse versatility, Flit Bar also sired winners in cutting, racing, and halter classes, and Frenchmans Guy offspring are competitors in all of rodeo's timed events. As a saddle horse, Frenchie is light and quick-footed, with a blend of kindness, sensibility and speed that seems to cross quite well with our cowhorse mares. His foals are proving to be quite personable, easy-going, versatile and athletic. Five panel N/N. Photo by Nicole Poyo.

Boonlight Dancer won the NRCHA Snaffle Bit Futurity, Crackin was an NCHA Open Reserve Champion and had life-time earnings of \$133,04 and produced offspring with earnings in excess of \$350,000. A half-sister Kwackin x Crackin produced Smart Crackin Chic another NRCHA Futurity Champion. A full-brother Nabisco Roan has been successfully shown by Jake Telford with multiple AQHA and NRCHA Championships to his credit. Fret was trained for two years by Bobby Ingersoll and shown in the NRCHA Snaffle Bit Futurity. Placed 3rd in NSS Open Snaffle with Cory Shelman. SHANIA CEE	Peppys Boy 895/Lynx Melody
COLONEL ZIPPO PINE	Colonel Freckles/Annie Pines Zip
<b>WHISPERING RAE</b>	
YOUNG JOSIE BERT	Young Paul Bert/Mee Josie Bar

This is an excellent up and coming sire out of a top producing Van Norman bred mare and by Sophisticated Catt (a three-time AQHA world champion with lifetime earnings over \$192,000 in cutting.) JP Colonel Blackcatt is very cowy and super quick on his feet! He possesses many substantial Colonel Freckles personas including trainability, good bone, a nice big eye – to name a few. Plus, this guy is built to stop. He is very smooth and pretty. Ty started JP Colonel Blackcatt and quickly decided to further his training. In 2012 the young sire was in reined cow horse training with Clayton Edsal. He has been shown at local stock horse events with plans to finish his training into the bridle. Now back at the ranch, the upcoming feature horse is pulling double duty as a sire and a stock horse. This horse doesn't have the size to be an ideal head horse, but no doubt has everything to make a perfect heel horse, reined cow horse, and ranch horse.

"Luke" is our first stallion we have kept for breeding. We own his great mother Kickback Nic, and we feel she is the type of mare you build a program around. She has 50K in NRCHA earnings and her offspring have 100K in NRCHA earnings so far. Luke has earned over 20K! He is flawlessly made and with three foal crops on the ground, his progeny possess his clean head and neck with stunning conformation. They have great withers, long legs, and are smooth movers. They have a ton of stop, can still run hard, are quick footed and breathe working cows. We attribute these traits to his mother. He is strong on a rope and his offspring have been a treat to brand off of this spring. They have the neatest personalities, great dispositions, and so much try.

"Happy Feet" came to us in a big package when we bought his dam. He has been raised on the ranch. We were happy with him as a colt and he showed a lot of talent, so we kept him for a sire. So far, we are quite pleased with that decision. Happy Feet has been ridden by Michael Vipham and Cowboy. He is another really useful horse in our ranch world. This horse has been exposed to all ranch work including working cattle, roping, and a circle horse. He has been great at all of those jobs and he comes by his ranch name honestly! Our main purpose for him, though, is to further enhance our breeding program. You get a sneak preview of what's to come with one of his two-year-olds in this sale. He isn't a real big horse, but he doesn't know that, and makes up for it with his great mind and equally great disposition.

Not an average pedigree--nor an average horse! Google this pedigree, and you will be reading for days. Several NFR barrel racing qualifiers have run horses with these identical bloodlines the last two years. Frenchman's Guy has a reputation for good minds and trainability; Dash Ta Fame has the reputation not only for speed, but rate and turning. So far "Puddin's" first colt crop seem to have a laid-back disposition like him, speed and rate plus quite a bit of stop crossed on Van Norman cowhorse mares!! It never hurts to add a little speed to a cowhorse, or a little whoa to a running horse. **HE SELLS AS LOT 62!!!**

I purchased Rey as a yearling from Davis Ranch. John Wright put twenty rides on him, and he proved he has a great mind, a willingness to please, and a super sweet disposition. On his twelfth ride, John gathered his cows, trailed them four miles to Lamoille and then rode Rey into the trailer. He will do whatever you ask, although I'm sure he thought John was crazy. He is balanced with good bone and feet. His sire High Roller Rey is a 2009 red roan son of Dual Rey, out of daughter of Peptoboonsmal. High Roller Rey was an Open Finalist at the 2012 NRCHA Futurity with Brandon Buttars. His dam's sire, Hickorys Advantage has NCHA lifetime earning of \$124,012.73.

"Kokomo" is the most recent addition to our stallion line up. He's the product of proven producers top and bottom, sired by Smart Boons and out of a money earning daughter of Shining Spark. The old adage about the blood running to the brain certainly seems to hold true with him. He's shown a great deal of natural talent and athletic ability, along with quiet intelligence and a wonderful disposition. These characteristics, combined with his size and shape, might just make him a candidate for an ideal ranch horse sire. His first foals arrived in 2021 and we're certain they will not disappoint. "Rocco" has what we would call the perfect build. He is 15.1 hands and 1100 lbs. He is athletic, smart and kind, we expect these traits to be passed on to his offspring. He is an NRCHA money earner with limited showing due to recovering from an injury his 4yr old year. His pedigree offers expertise in several disciplines, such as reined cowhorse, reining, and roping. That CD Rocks has earnings of \$136,764. CD Lights is the second leading sire by CD Olena with lifetime earnings of \$234,000. Rocco's dam is also a money earner in the non pro and still showing. We have used him in the branding pen and doing miscellaneous ranch work. He is good minded and loves to go to work. Everyone in the family rides him. We look forward to his future in the arena and as a producer. Breedings available. (775) 304-8515.

This is a nice built stud colt. He seems to be very friendly. Both his dam and sire have good bone and are stout. He should be no exception. # JUST A RANCH HORSE

In today's world of highly specialized, event-specific equine breeding, one might encounter the somewhat derogatory phrase "just a ranch horse" when in reality, that ranch horse occupies a unique niche of usability and versatility that is sorely lacking in most other disciplines. Modern-day ranch horses are quite often the epitome of the all-around, multipurpose "jack of all trades" mounts that helped build the West—and the foundation of quarter horse breed itself.

Before stock trucks or horse trailers, ranch horses were born of necessity on the grasslands and mesquite thickets of Texas, the deserts and breaks of Arizona and New Mexico, and the sagebrush sea of the northern Great Basin. The ideal ranch horse had to be able to withstand a twenty mile gather at dawn, only to meet at the rodeo grounds where he was used to sort, brand, mother up, and possibly move on to the next pasture and then finally - carry his rider back

to camp. These horses saw lots of miles and wet saddle blankets by the end of the day. Working cowboys would take some of the same ranch savvy horses to town to compete in rodeo events; there was no such thing as a rope or cutting horse used strictly for competition. Needless to say, these horses had to be physically and mentally tough.

While modern day ranching might not always demand the rigors of yesteryear, the unmatched qualities of working ranch horses are still essential on the ranch and beyond. The rise of the ranch versatility event is testament to that fact.

The essence of true ranch horses is a combination of nature and nurture, from their carefully curated bloodlines to the manner in which they are raised. Their qualities start developing when they are foaled and raised outside, in a herd, as horses have been for centuries. It's the kind of outside that's not just a pen out back of the barn. It's the kind of outside that is big country—steep hills, thick brush, rocks, badger holes, running water, thunder storms, wildlife, miles of barbed wire—the kind that brings forth the most

elemental, important instincts and abilities in a young horse.

As foals, they learn to take care of themselves while being part of a group and following the leader—qualities that can't be duplicated in small pastures with small numbers. As adults these horses naturally will take care of themselves as well as their rider.

Just as ranch foals' minds develop with a wide variety of stimuli, so do their bodies. From the time they're born, they have myriad opportunities to use all gaits in varying types of terrain and conditions. All of the natural, daily exercise increases blood flow and strengthens muscles and bones, producing an inherent fitness that makes ranch horses more likely to stay sound throughout their lifetimes.

When it comes to training, ranch horses are usually in a better frame of mind and generally more likely to learn their jobs without resentment. They have grown up around livestock and understand cattle from the start, which leads to greater confidence and enjoyment in their job. When you watch a crew heading out in the early morning, you can see it's fun for the horses too—their ears work happily back and forth as they take in their surroundings and trot into the day. They learn to associate satisfaction with a day's work—which can have a much different outcome for horses that

exist only within the enclosed barriers of a barn and arena. While having young performance horse “burn outs” is unfortunately the norm, very rarely will you hear of a “burned-out” ranch horse.

A ranch horse is more than a uniquely capable and willing partner, however. He is a functional, beautiful celebration of the ancient working relationship between man and beast. Very few things today are as relevant and necessary as they were 100 years ago. An exception to this rule is the modern ranch horse.

As the legendary cowboy poet Baxter Black wrote in his final column, “I like being there when a horse matters. When you can't do the job alone; a cow in the bog, a race against time, a boulder to move, a detour to take, a mountain to cross, a crevice to leap, a war to win, a sweetheart to impress, or...when you've gone too far to walk back.”

A ranch horse can serve many roles throughout his life and be called many things—good using horse, all-around horse, circle horse, rock-pounder, kids' horse, grandma's horse, cowboy horse, to name a few—**but never is he “just a ranch horse.”**

WHISPERING RAE

Colonel Zippo Pine/ Young Josie Bert

Hey now, this is the one to look twice at! The dam is a good producing mare that has long been a favorite of the family. Her offspring have proven to be eager, willing, and they usually perform very well. In the mix of the bloodlines is a little color and size, a bit of good minded Colonel Freckles breeding on the bottom, doubled by the friendly but powerful Hollywood Dun It on top, add it all up, you have yourself a fine horse! Cow horse with a little size and speed? What more could you ask for? FMI Call Ty at (775) 397-2132.

This is a really nice filly. This exact cross has produced 3 other fillies and a stallion that was kept for breeding. Very smart and athletic! The Van Normans have had 3 Colonel Freckles sires- different in some ways—but all very good minded. JP Colonel Blackcatt keeps the good, minded base, but adds a deep layer of serious athletics that are competitive in the rein cow horse, rodeo speed events, and more. Stop by the sale barn and look her over or take a look online at her video. FMI call Ty at (775) 397-2132.

# ABSENTEE BUYERS

## Here's How It Works

Go to [www.LiveAuctions.tv](http://www.LiveAuctions.tv). Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number." The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it. Type the code from the text message into the area requiring it and you will then see your name along with a buyer number listed at the top of the webpage where the live video is and you will be able to bid. You will only have to complete this two-step verification process one time. After that you will be able to immediately request a buyer number on any auction without verification through an e-mail or text message again.

LiveAuctions no longer requires an app. If you wish to view/register/bid on a smartphone, just type LiveAuctions.tv in whatever web browser you use. The registration process is the same as it is on a desktop computer, but the website is built mobile friendly. Click on the three lines in the top right corner to access the menus.

**Bidders who are successful in making purchases will be contacted by the ranch after the auction to settle payment and discover your shipping plans.**

**If you need help registering to bid or to view the auction please call Technical Support at (682) 816-4900 or e-mail us at [TechSupport@LiveAuctions.tv](mailto:TechSupport@LiveAuctions.tv).**
