Welcome!

For the thirtieth year, the Van Norman & Friends Production Sale will be held at the Elko County Fairgrounds in Elko, Nevada, on September 18 and 19, 2026. Our sale offers something for everyone, with approximately 85 horses ranging in age and ability from weanlings to bridle horses. Most of the horses come from long-time, well-established ranch horse breeding programs of the northern Great Basin, with the addition of select invited guest consignors whose horses meet the high standard of quality that buyers have come to expect from our sale.

The breeding programs represented showcase a continued commitment to excellence by our core consignors, bringing our buyers a strong offering of some of the most prominent and successful classic and contemporary bloodlines in the cow horse, cutting, and rodeo arena realms of the quarter horse world. You'll notice some stellar additions to several of our consignors' stallion rosters, sired by the likes of Stevie Rey Von, Kit Kat Sugar, Metallic Rebel, Woody Be Tuff, A Dash Ta Streak, and WR This Cats Smart. This demonstrates yet again the collective dedication to evolving and elevating our sale offering—all while maintaining the inherent and irreplaceable value of true ranch-raised horses.

In addition to being born, bred, and raised on high desert ranches, the majority of riding horses selling will have been used as for ranch work, many with "town" experience as well. Sellers follow the vaquero tradition of training, with young saddle horses being first ridden in the snaffle bit, and eventually graduating through the hackamore and two-rein to finally become a bridle horse. Weanlings and yearlings will be broke to lead and load.

To be sure, we're in the midst of very exciting times for the horse industry, with abundant opportunities across the board. We deeply appreciate our "sale family" of sellers and buyers, both new and repeat, who recognize the unique value in our traditions and longevity.

In addition to watching online videos of sale horses prior to the sale, buyers can preview aged riding horses in person beginning at 12:00 p.m. on Friday, September 18. This preview will also be live-streamed.

The auction will also be live-streamed, with internet and phone bidding available (see inside back cover for details).

With the loss of Frettin in the fall of 2024, I was faced with the unwelcome prospect of “starting over”! I wasn’t sure what I wanted, but I knew what I didn’t want. When the opportunity to purchase “Sooner” arose last spring, I knew he belonged in my program! Talk about having the best of both worlds. Sooner is by A Dash Ta Streak who has prodigy earning over \$600,000 in barrels and roping and out of a daughter of 10 million dollar cutting sire Playgun. Sooner has had to earn his way outside as a ranch horse and became the “go to” for any job..he’s been roped on doctoring outside, he’s been to town, and shown in reined cowhorse. He’s not going to get outrun and is strong on a rope! He keeps his head and never gets hot. He’s extremely cowy and a big stopper. He’s a perfect gentlemen and easy for an eightyish woman to handle. He stands at 15.1! Small enough to get on but big enough to cover a lot of country. He’s definitely the future of the DW program crossed on a lot of Frettin daughters. Exciting times ahead beginning with his 2026 foal crop which looks very promising!

Luke is a real standout, with a pedigree including Kit Kat Sugar as the sire, he is something to admire, with the combination of cow sense and athleticism. We acquired Luke through Luke Neubert, hence the name, in 2022. Due to an injury at a young age, he wasn’t able to make it to the show pen. Luke is 14.3 hands and possesses many admirable conformation qualities such as substantial bone build, thick at the hip, and eye appeal. He always impresses us with his kindness and his want to be around people. Combine all those qualities—conformation, ability, and temperament—and it’s clear that Luke is passing that on to his colts. We can see that his offspring are showing so much promise and it is exciting to see them start to develop and show what they’re made of.

We are really pleased with the progeny he is siring and look forward to showing some of his babies in cow horse events. "Drifter" has been getting his turn as a using horse at the Shelman Ranch and he's a handy cow horse that is always a pleasure to be around. We look for him to continue to pass on his good looks, brains, athleticism and cow sense. We enjoy working with his colts and think you will also. An investment in his colts will be good property for years to come.

"Big Chief" is a finished head and heel horse we found in Arizona. Proven blood lines top and bottom for cowhorse and reining!! Extremely good minded. Ty's twelve-year-old daughter started roping both ends off of him after a year lay off without even an ear flicker from him!! Hollywood Dun Its are known for their great dispositions, which is a number one requirement for the Van Norman program. His colts are good looking and well put together. This sire is a great addition, adding top notch qualities that make for great ranch horses that can double as performance horses.

Freckled Lil Pepto, a 2005 red roan stallion is our latest star. "Preacher" is a really well-proportioned stallion with an amazing temperament and oodles of cow. He is as comfortable in reined cow horse shows as he is weaning calves in the fall or branding calves in the spring. He was trained and shown to several victories by Flint Lee who has to fight with Sharon and Cowboy to get him back to prepare for show season. Both Sharon and Cowboy love to ride him. He is that neat of a horse. Needless to say, he is showing a lot of promise as a reined cow horse, a dependable ranch horse, and as a sire. Colts are eligible for the Nevada Stallion Stakes.

"Frenchie" brings some complementary outcross blood to our program. His bottom side carries classic cutting lines, while the top side brings proven rodeo-arena performance. Frenchmans Guy and Flit Bar, both legendary barrel racing sires, exemplify true quarter horse versatility—Flit Bar also produced winners in cutting, racing and halter, and Frenchmans Guy's offspring excel across all rodeo timed events. Frenchie himself has offspring competing at many levels, including the PRCA! Frenchie has a blend of kindness, sensibility, and speed that marries well with the cow horse traits of our mares. Repeat buyers of Frenchie's progeny often commend their "all-in" and adaptable qualities.

His natural versatility is one of his greatest assets. After a competitive start in the NRCHA with Telden, Frosty transitioned seamlessly into ranch life—doctoring calves, gathering cattle, and handling day-to-day tasks with ease. This combination of looks, talent, and a good mind is a dream, especially when they're not just great performers on the ranch but also in the show pen. He had a solid show career with Flint Lee in the NRCHA before he was brought home to be a producing stallion. Standing at approximately 15 hands, Zing's got that perfect mix of qualities that make him a solid foundation in our breeding program. His colts are strong, well-built, and have the right mindset for both ranch work and competition. With this kind of versatility, they are able to adapt to a wide range of tasks and events. Zing's oldest colts have made their debut on the ranch as well as earning money in Reined Cow Horse competitions.

Remembering our ROOTS

In our 30th year, yet another incredible selection of horses in our catalog evokes good reason to remember our roots and to thank the people who helped make our sale possible.

As we reflect upon the contributions of others, we pause to remember Charlie Van Norman, the man with a big heart and a firm handshake, who pioneered, along with his wife Della, the Van Norman horse program. They spent a great deal of time meticulously forging the dream of raising, riding and selling good horses, and thanks to them, many have benefited from their efforts through the years. Charlie is remembered for being a man of integrity and honor, a phenomenal businessman, a friend to many, and a genius of horse pedigrees while Della, with her friendly smile, quiet demeanor, and expertise in all aspects of ranch life, completed their life-long partnership.

Charles "Charlie" Van Norman was born in 1917 in Eagleville, California, to Otto and Hazel Van Norman. Charlie learned the value of hard work and a deep respect for livestock in his early years, working alongside his father, a sharp, savvy hand, who served as Foreman of the Gerlach Livestock Company for many years. At an early age, Charlie knew the difference between a horse that had what it takes to be your best mount and one that is just something to throw your saddle on, and Charlie wanted the best. Charlie was always looking to improve every situation, every relationship, and to make the most of every opportunity.

In the fall of 1938, Charlie set out for Elko County, Nevada, to visit his dad, who was then working for H. Moffat Company. Winter that year found Charlie pitching loose hay for Bill Drown (coincidentally, the father of Sale Manager Linda Bunch) and Graydon Drown in South Fork. By the next spring of 1939, when the H. Moffat buckaroo wagon was going out, Charlie was on it. It was during this time, among the high desert grass, sagebrush, and wild hay meadows of the Northern Nevada range, that Charlie met his wife-to-be, Della Pattani. She was raised in Independence Valley, near Tuscarora, on her father's ranch, and was at home on the back of a horse. She often helped the local cowboys gather and sort and had earned a reputation as a top hand—her finely schooled bridle horses were part of the secret to her expert sorting skills. The story has it that she was at the rodear at the Meadows (in the upper end of Taylor Canyon) just outside of Independence Valley, repping for her dad Joe Pattani, when she and Charlie first met. Picture a dark-complexioned

woman with a luminous smile, astride a big spade-bit horse, kicking up the dust as she made her cuts, and the effect all of this had on a young cowboy! Della's trophy for winning the Nevada Bridle Class in 1942 at the Elko County Fair is a lasting testimony to her horsemanship. The JP Bar brand seen on Van Norman raised horses, and at the beginning their AQHA registered names, belonged to Della's family.

In 1940, Charlie was one of the first men drafted from Elko County. He served under General George Patton and endured the infamous Battle of the Bulge. In 1945, with the rank of captain and a bronze star, Charlie left the military, and with Della and their son, Robin, purchased the Henry Schmidt homestead in Independence Valley. Another son, Bill, joined the family during this time frame. From the very beginning, theirs was a family operation, with Robin and Bill eventually nurturing it to what became Van Norman Ranches, Inc.

Charlie and Della spent many winter evenings poring over western magazines and their prized set of AQHA "stud books" researching pedigrees and tracing names and earnings of quarter horses. He memorized family traits, names, and performance winners, then traveled wherever necessary to acquire the bloodlines he prized. Each year at the Reno Snaffle Bit Futurity, Charlie scoured the futurity horses for bloodlines that matched his criteria. He formed connections with breeders near and far—never hesitating to make a new friend.

Over the years he and Della assembled an exceptional band of broodmares whose offspring became widely sought after. Son Bill was also influential, urging them to raise the bar. The careful choices made in sires and dams have rippled through generations. The foundation mares they retained became the nucleus of a herd that even today embodies the traits Charlie admired—sound conformation, keen minds, tireless work ethic, innate cow sense, athletic ability and many roans—something he particularly liked! Many a friend and neighbor joined in the passion and adopted some of the Van Norman bloodline recommendations to write a story of their own. In 2001 Van Norman Quarter Horses received the esteemed AQHA Best Remuda award for their commitment and contributions to raising high quality ranch horses.

The integrity and quiet leadership of Charlie and Della left an imprint that has extended beyond their lifetimes. The Van Norman and Friends Production Sale was a brainchild that grew and thrived thanks to Charlie's investment in the idea. Over dinner at the Dallas/Fort Worth Airport in 1992, after attending a sale managed by friend and mentor, Susie Reed, Charlie and Linda Bunch, with Susie's expertise and help, brainstormed ideas for a possible sale in Elko. Lacking any suitable paper, Linda scribbled on a napkin! Five years went by, during which time, Charlie passed away. The following summer, Linda and Bill, with Della's encouragement and support, decided to start a sale. Linda took on the role of sale manager—under the guidance of Susie Reed—a position she has now filled for 30 years.

Today, Van Norman and Friends Production Sale still carries Charlie and Della's vision: horses with sound conformation, intelligence, easy temperaments, and the athleticism to do well in both ranch and arena as the foundation. When you select a horse from the Van Norman and Friends Production Sale, you extend the ripple effect of being Charlie's friend, where a handshake still represents integrity, and good horses make the world go 'round.

 JP ZIPPO PINE Colonel Zippo Pine / Little Smokum Ash

The sky is the limit for this fancy guy. We believe "Big Papa Giorgio" will stand out at any western discipline you choose. His mother is a big easy moving mare that was started as a barrel horse and later retired to a broodmare due to a wire cut. And his sire's pedigree needs no introduction in the western performance industry. We look forward to seeing what the future holds for this exceptional colt. Call Matt to visit about this exciting prospect, (775) 304-8515.

This filly certainly follows in her mama's footsteps in the cute department, but don't let her size fool you. She will very likely be the proverbial dynamite in a small package—cute AND capable. Her sire offers some classic, well-proven bloodlines, and her dam is a blend of much-loved vintage and modern Linda Bunch breeding. Don't pass her by!

Big-boned and built to grow, this colt looks likely to mature to at least 15 hands. The pedigree gives him a strong blend of cow, rope-horse ability, speed and versatility. Stevie Rey Von and Woody Be Tuff are proven across cutting, roping, ranch and cow-horse events, while Frenchmans Fabulous, Frenchmans Guy and Dash Ta Fame add speed and all-around performance influence. This buckskin colt is the first foal out of this mare, and he is a good-looking prospect! His dam is a slender, fairly tall mare, but this colt looks like he is taking the shape of his sire, SR Rippin Steve, with a well-muscled build, balanced proportions, and plenty of good bone. Follow Van Norman Quarter Horses on Facebook for updated photos, videos, and more information. Ty Van Norman, (775) 397-2132.

LiveAuctions.TV Here's How It Works

Go to **www.LiveAuctions.tv**. Please note that you do NOT need an account to watch the auction, but you do need to register an account and request a buyer number if you wish to bid. If you have not created a new account since September 1st, 2020 you will need to click "Register" in the top right corner of the homepage and create a new account. Once you have completed the form on this registration page and hit the "Register" button you will receive an e-mail with a place to click on to verify you have entered a valid e-mail address. Once you have completed this registration process, find the auction you are interested in on the homepage and click on it (sales are listed in chronological order). You should then see a box that says Login. Now that you have an account with LiveAuctions just type in your E-mail Address and Password. You will now see a hyperlink at the top that says "Request a Buyer Number." The first time you request your first buyer number on LiveAuctions it will send you a text message with a verification code in it.
